

ROADMAP to COLLEGE and CAREER — Grade 10

2017 Confidential Student Report

Plan for College

Strategies for College Success

Learning about Colleges and Degree Programs

- Take a "virtual tour" of colleges that interest you, or visit a local college with your parents.
- Explore college majors and programs of study.
- Start ranking your college choices based on your preferences.

Preparing for College in High School

- Enroll in advanced coursework, such as Advanced Placement and International Baccalaureate classes, and dual credit options offered by a local community college.
- Take the PSAT, ACT Aspire and/or the Texas Success Initiative (TSI) college readiness exams.
- Prepare for the SAT and/or ACT.

Building a College Resume

- Get involved in extracurricular activities and community service opportunities (colleges look for students who are active leaders in their schools).
- Participate in a summer enrichment program (check out local universities and your local school district for opportunities).

Prepare for a Career

Career Planning Activities

Exploring Career Options

- Research careers and occupations that interest you and identify the credentials needed to pursue them.
- Enroll in Career and Technical Education (CTE) course offerings connected to your career interests, or look into internship opportunities in your community.

Planning a Course of Study

- Review your endorsement decision to ensure that it aligns with your career interests.
- Enroll in a focused sequence of CTE courses that can lead to industry-based certifications and work-based learning opportunities.

Exploring Career-based Opportunities

- Join a Career and Technical Student Organization where you can apply your career preparation skills through real-world activities.
- Consider participating in summer career skill-building programs hosted by businesses or other organizations.

Suggested Questions To Ask Your High School Counselor

1. I need to learn more about college and career options. When is the college and career fair?
2. What Career and Technical Education (CTE) opportunities are offered at my school?
3. Which dual credit, Advanced Placement, or International Baccalaureate classes are available, and which ones will help me achieve my college and career goals?
4. What are the upcoming exam schedules for the ACT and SAT? What college-exam prep does our district offer?
5. What is the National Merit Scholarship Qualifying Test (NMQST), and how can I take advantage of it?
6. Where can I find information about summer internships, job-shadowing opportunities, and career skill-building programs?
7. How do I change my endorsement? In Texas, students are allowed to make this change through their 10th grade year. (After this year, I am only able to drop an endorsement.)

STAAR Results

STATE OF TEXAS ASSESSMENTS OF ACADEMIC READINESS

2017 Confidential Student Report

About the STAAR Test

Your child took the STAAR in Spring 2017. This test asks students to answer questions that measure the knowledge and skills they need to be prepared for college or a career. If you have questions about this report, please talk to your child's teacher or principal, or learn more by visiting www.texasassessment.com.

What the Results Mean

This report shows how well your child did on the assessment. There are 4 levels of proficiency.

From The Commissioner

Tests are a part of life. Our kids will take tests to get a driver's license, to get into college, and even to get certain jobs. As a parent of two myself, I know that no one test can tell me everything about my children. But the STAAR tests have been designed to provide useful information about how much our children have learned academically and how well prepared they are for what comes next.

Students who meet or master grade level by high school graduation have more than a 60% chance of passing their college classes, substantially increasing their lifetime earnings and prospects for success. This report is intended to give you information on how well your child learned this year's academic material in school and how you can help them learn even more.

MASTERS GRADE LEVEL

Mastery of the course knowledge and skills is shown — student is on-track for college and career readiness.

MEETS GRADE LEVEL

Strong knowledge of course content — student is prepared to progress to the next grade.

APPROACHES GRADE LEVEL

Some knowledge of course content, but may be missing critical elements — student needs additional support in the coming year.

DID NOT MEET GRADE LEVEL

No basic understanding of course expectations is shown — student may need significant support in the coming year.
