# Mission Statement

The mission of Dr. Américo Paredes Elementary School is to be an effective school through excellence in education with visionary, progressive, and technological learning opportunities which will prepare each student to function as a responsible member of our multicultural society, to achieve personal fulfillment, and to reach his or her maximum potential. This will be created through a combined effort of personnel, students, and parents, in order to establish an effective line of communication, allowing interaction to take place to maintain a campus where a strong positive attitude will prevail.

## Vision

Dr. Américo Paredes Elementary aims to provide, in partnership with the parents, a quality education so that all pupils are able to reach their full potential within a caring, secure environment.

# Demographics

## Demographics Summary

Paredes Elementary serves a diverse population of students that participate in various academic programs that include robotics, coding and spelling bee. Our students also participate and excel in extra-curricular activities like chess and ballroom dancing. We pride ourselves in serving a multi-cultural and multi-national community of students. Our Community Care Partners programs allows for model members of our community to interact with our students.

We take great pride in our academics and programs. As with all campuses, we take steps to monitor our different populations. It is important for us to support district initiatives. Paredes Elementary reviews demographic data on a daily basis with special focus placed on daily attendance and At- Risk student data. The attendance rate for the 2018 - 2019 year was ( )% for all students. Paredes goal is to meet or surpass District Attendance Rate. The parent liaison and Data Entry Clerk work together to inform parents of attendance rules and encourage compliance. The retention rate for the 2018 - 2019 school year was ( )% for all students and ( )% for At-Risk students. The allocation of State Compensatory and Federal Funds are utilized to provide extra duty pay for additional tutorials and purchase additional instructional resources for At-Risk students to ensure academic success.

## Demographics Strengths

6 distinction stars earned - Academic achievement in ELA/Reading, Mathematics, Science

Top 25% student progress

Top 25% Percent Closing Performance Gaps

Post Secondary Readiness

Extensive administrative support

Special Education at a low 9.74% campus ratio

AT Risk population monitored through RTI's on a 6 week basis

## Demographic Needs

- In efforts to improve student STAAR scores in areas reading, math, and science teachers will collaborate, plan and desegregate data to improve student outcomes. RTI, special education and at-risk students need academic assistance through tutorial sessions and Saturday academies. We need students to be encouraged and challenged to read extensively and encouraged to participate in our Accelerated Reader program. Students placed on RTI's will be assisted through the use research based interventions and tutorial programs.
- Paredes Elementary has struggled with student attendance in the past, in order to decrease the number students absent frequently, home visits will be made more frequently and school wide attendance incentive programs will be held.
- Parental involvement has been at a low at the campus, to increase parental communication and involvement, parents will be invited to meet with the teacher and Parent Liaison to review academic needs of students and options available for assistance.
- An area that Paredes Elementary needs to address is professional development to increase teacher quality. All new and experienced teachers need training on data and LMS programs that are available through our district. Continuous staff development needs to be provided regarding the implementation of technology with everyday lessons. In addition, teachers need to be provided with concrete examples of how to differentiate instruction to meet the needs of our special population students (ELL, bilingual, SpEd, At-Risk).
- Our pre-school aged children need instruction in phonemic awareness, grapho-phonemic knowledge and penmanship.

## **Demographic Needs**

### **1. Attendance**

### **2. The campus is near capacity.**

### **3. Increase parental involvement.**

### **4. Professional development that targets our student needs.**

### **5. Improvement of At Risk population STAAR scores**

### **6. Improvement of At Risk population attendance.**

## **Problem Statements Identifying Demographics Needs**

**Problem Statement 1:** Our at risk population and special education populations are not improving at the same rate as other student populations. **Root Cause:** Our teachers need to be able to differentiate the delivery of instruction and provide individual support to our at risk populations to ensure adequate progress.

# Student Academic Achievement

## Student Academic Achievement Summary

Administration and teachers evaluate student achievement data by generating state testing results reports using our district purchased program, TANGO and/or Eduphoria. Administration analyzes trends in student achievement by evaluating testing data in our special population groups. The campus meets in conjunction with teachers to desegregate student data to identify the strengths and weaknesses of students to determine specific concerns and plan of actions.

### **Student Achievement Needs:**

At-Risk, Special Education, English Language Learner, and Migrant subpopulation of students, continue to struggle in the areas of Reading and Mathematics. In order to raise scores across in all tested subjects, our teachers will need to be provided with professional development that addresses rigor and relevance. We are also in need of research based instructional material in the form of online readers for students to improve fluency and comprehension. The campus will perform vertical alignment for all core subjects so that skills are scaffolded from one grade level to the next. The campus TST and Dean of Instruction will provide professional development in the area of instructional technology. We need to increase the use of

current equipment, software (living with science, istation, TTM, Edusmart), and programs that the district utilizes so that teachers are able to provide instructional technology programs to our students. The Dean of Instruction will provide continuous staff development for academic and discipline RTIs so that our students receive the proper interventions. Incentive programs that will motivate our students to attend school and perform well academically will be instituted. The parental liaison will actively assist staff in the process of informing, visiting, and recruiting parents; and ensure that migrant and at-risk students are provided the services they require to ensure that they excel academically; students will need to be provided exposure to math and science STEM subjects through real world structured based learning. Extended day and tutorial enrichment instruction will be implemented during the afterschool program to ensure academic success of our students. Ballroom and choir will be implemented as extended day programs to open these extra curricular activities to more students.

## **Student Achievement Needs**

- 1. Accelerated Instruction**
- 2. Supplemental Materials**
- 3. Instructional technology professional development**
- 4. Vertical Alignment**
- 5. Response to intervention profesional development**
- 6. Researched based instructional technology programs for students in 3rd -5th**

## **Problem Statements Identifying Student Academic Achievement Needs**

**Problem Statement 1:** Our first grade students continue to struggle with phonemic awareness and writing as they progress to second grade. **Root Cause:** As a campus, we need to further align the use of linguistic support programs (language enrichment)to the fullest.

# School Processes & Programs

## School Processes & Programs Summary

Paredes Elementary implements district curriculum initiatives and assessments as required by the state of Texas. Paredes bases all of its instruction from the Texas Essential Knowledge and Skill (TEKS) and prepares students for state assessments. In doing this process, campus administrators and teachers plan lessons consistently. Administrators provide teachers with instructional resources and professional development opportunities. Paredes administrators and grade-level lead teachers guide and mentor new teachers. When new curricula is introduced, Paredes allots time for teachers to dissect and explore its contents and plan for instruction. Planning for instruction and intervention is done as a whole through vertical and horizontal alignment. Collaboration is encouraged so that teachers learn from one another.

Our campus administration, in conjunction with our teachers, is constantly disaggregating data from multiple sources. We use TPRI/Tejas Lee and CP-M to monitor our students' literacy skills . We observe this data at three different interval throughout the year (BOY,MOY,EOY). District and campus data is in constant scrutiny so that all of our different student populations receive targeted instruction. The students will be monitored so that they are participating in the Accelerated Reader Program. Students receive incentives as points goals are reached.

Paredes Elementary analyzes the school context and organization by looking at how school processes, structures, decision-making, and overall leadership positively affect classroom instruction. It is important to have systems in place so that there is not much interference or distractions from classroom instruction.

The maintenance of all facilities is of utmost importance to Paredes Elementary. Our custodial staff is in constant monitoring of the upkeep of the campus infrastructure.

## School Processes & Programs Strengths

### School Processes & Programs Strenghts

We at Paredes Elementary take pride in the following school processes strenghts:

- Support from district specialist in core areas (science, math, ELA, social studies)
- Planning time allotted for grade level vertical alignment
- Access to various academic intervention and support resources
- Teachers' years of service
- Teachers' education
- Low teacher turnover rate

- SIOP Trained Teachers
- GT Core Trained Teachers
- Bilingual Certified Teachers

### **School Processes & Programs Needs:**

To increase student achievement , it is necessary to continue providing quality vertical alignment sessions and to provide our teachers with much needed supplies and professional development outside of the district. This means providing teachers with professional development that focuses on strategies that increase the level of instruction. Teachers also need resources that are aligned to the STAAR test, so that students are familiar with test format. Furthermore, teachers need to be provided with professional development in the area of differentiated instruction to meet the need of all the students. As a means to encourage our students to perform well in school in the core subject areas our students will need to be motivated to make appropriate choices. Students level of inquiry will be increased through participation in Brainsville, UIL, Science Fair, and Destination Imagination. Supplemental instructional materials, catalog instructional materials, classroom libraries will be expanded, readily available reading material will increase, and consumable materials such as but not limited to: paper, ink, pencils, paper clips, stapler,pens, crayons, scissors, tape, etc., art materials, science materials, classroom instructional décor, visuals, manipulative, including STAAR instructional materials, organizational boxes, file folders,etc. will be provided to teachers to facilitate the increase of student achievement scores.

An area that Paredes Elementary needs to address is professional development to increase teacher quality. All new and experienced teachers need training on Learning management programs. Continuous staff development needs to be provided regarding the implementation of instructional technology with everyday lessons. In addition, teachers need to be provided with concrete examples of how to differentiate instruction to meet the needs of our special population students (ELL, bilingual, SpEd, At-Risk).

Our teacher population needs guidance in understanding of the the new Texas Teacher Appraisal System- T-TESS and SLO. In order to better guide our teachers, we are in need of quality professional development opportunities.

Our teachers also need professional development in the following areas:

- Implementation of Write for Success District Initiative- Writing journals PK-5th
- Increase opportunities for horizontal and vertical alignment meetings for teachers.
- Increase leadership role opportunities for teachers that have not served in such capacity.

### **Process and Strenghts Needs**

#### **1. Professional Development in the areas of literacy and instructional tecnology**

#### **2. Vertical Alignment**

#### **3. Horizontal Alignment**

**4. Professional development in the newly adopted ELAR/SLAR teks**

**5. Professional development in the newly adopted ELA curriculum**

**Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1:** Paredes elementary struggles to identify dyslexic students at an early age. **Root Cause:** Our lower grade teachers are not able to distinguish the unexpectedness demonstrated by dyslexic students.

# Perceptions

## Perceptions Summary

Administrators and teachers meet to discuss matters related to providing a positive school culture and climate. The SBDM representatives bring issues and concerns to the monthly meetings. Campus long range plans, policies and procedures, and safety issues are communicated to both parents and community members to assist the campus in providing a positive culture and climate. A Title I partially funded, full time school nurse is always available to provide and assist medical treatment for students and staff. Parents are strongly encouraged to get involved in volunteering opportunities that will assist their child's education. Issues are reviewed and discussed through consistent dialogue and both administrators and teachers create a plan to improve issues that affect School Culture and Climate. We, at Paredes Elementary, strongly believe in our parents as key stakeholders in our students' education. We value our parents' presence and we include them in many parent activities throughout the year.

## Perceptions Strengths

### Perception Strengths

We value our parents as key stakeholders in our students' education. We pride ourselves in providing them with the following opportunities to be a part of our school:

Charro Days mini festival

Award ceremonies

Meet the teacher nights

Christmas Programs

College Awareness Day

Family Night at restaurant fundraiser

Active Parental involvement center

## Perception Needs:

Paredes Elementary has a need to expand parental involvement in order to include parents in various school sponsored activities. To achieve this, we will use school informational boards like the school marquee and parent monthly newsletters to list all school activities and upcoming events to keep personnel and parents informed . This will promote unity and collaboration among all school personnel and parents.

To promote a collaborative working environment we will promote teacher modeling, peer coaching, co-planning, grade-level meetings, and teacher observations. All of these initiatives will be planned, implemented and monitored through the school year for effectiveness. Teacher staff development opportunities need to be provided to ensure that teachers are prepared and successful in the classroom. It is important that opportunities for vertical alignment meetings are carried out throughout the school year to ensure teachers are planning consistently and collaboratively.

In efforts to promote self esteem among our students, a special certificate will be awarded every six weeks during honor ceremonies for students that have shown the most improvement academically (BUG). This will promote progress among students.

In order ensure quick communication with parents in safety scenarios IP phones will need to be purchased. IP phones will be purchased for the dyslexia lab to ensure success of the dyslexia population.

Our PK 3 yr old program is in need of a playground to promote different types of play that are vital for a child's cognitive, emotional, physical, and social development.

It is also important to maintain our facilities clean and safe for students, parents and staff. We are always in need of funding for products that help maintain the facilities cleans.

**1. Schedule parent meeting at a more accessible time.**

**2. Promote festivals and special afterschool event for parent to attend.**

## Problem Statements Identifying Perceptions Needs

**Problem Statement 1:** Our parents perceive our approach to school safety guidelines as harsh and unnecessary. **Root Cause:** Parents often do to see the daunting task of ensuring the academic success, health and safety of close to 1000 students.

# **Title I Schoolwide Elements**

## **ELEMENT 1. SWP COMPREHENSIVE NEEDS ASSESSMENT (CNA)**

### **1.1: Comprehensive Needs Assessment**

The Site-Based Decision-Making (SBDM) Committee conducted a comprehensive needs assessment (CNA 5-24 ) for the Paredes Elementary campus. This survey was conducted over a period of one year. The purpose was to determine the strengths and needs of students, staff, parental - community involvement, and facilities use before deciding how to use available local, state, and federal budget allocations. Based on the CNA, the committee decided to concentrate on improving professional development opportunities for all teachers. Most teachers feel that the passing rate of all students and student groups including Migrant, Bilingual, At-Risk, Dyslexia, GT, Title I, and Special Education on state assessments will improve once new techniques are offered. The goal is to have 90 percent of all students and all student groups passing all portions of state mandated assessments for the 2019 - 2020 year and to increase the exceeds expectation performance level in all content areas.

## **ELEMENT 2. SWP CAMPUS IMPROVEMENT PLAN (CIP)**

### **2.1: Campus Improvement Plan developed with appropriate stakeholders**

Bi-monthly SBDM meetings have been scheduled in order to offer all of our stake holders, which include parents and community representatives, an opportunity to have an impact on campus decisions. Our plan was developed using our needs assessment on 5/30/2019. Meetings will be posted on our website calendar.

### **2.2: Regular monitoring and revision**

The SBDM will monitor strategies that have made an impact to our student population. We will pay special attention to those strategies that involve large sums of funds to be allocated. The effectiveness and educational impact will be scrutinized. Strategies that are not successful will be modified or discontinued. The Dean of Instruction will also complete the formative reviews quarterly to monitor the effectiveness of all strategies.

## **2.3: Available to parents and community in an understandable format and language**

Our 2019 - 2020 CIP will be made available to parents in our school website. Close attention will be paid to keep the CIP free of jargon so that parents can understand the purpose of all the strategies.

## **2.4: Opportunities for all children to meet State standards**

Students experiencing difficulty in mastering the TEKS will be provided effective, timely additional assistance. Academic interventions will be provided using the RTI tiered model. Close attention will be placed on those students that demonstrate signs of dyslexia. All teachers will closely monitor all students' performance based on daily exercises and periodic tests. Students not mastering the objectives will be provided additional assistance in the after school tutorial program and/or enrichment courses based on his/her individual needs. (1.2.4)

## **2.5: Increased learning time and well-rounded education**

Increased learning time strategies include our tutorial and extended day program. These two programs will offer students the opportunity to receive small group academic interventions that are grade level appropriate. Great attention has been paid to after school program funding. Our goal is to be able to fund all of the necessary after school programs. It is of utmost importance to our campus to use all available instructional funds in effective educational strategies.

## **2.6: Address needs of all students, particularly at-risk**

Strategies have been devised in order to target the attendance and academic success of our at risk students. The parent liaison will continue to monitor attendance and make necessary home visits in order to maximize the instructional time of at-risk students.

At-risk students that are not progressing adequately will follow the three tier RTI model. Particular attention will be provided to those students needing Tier II and Tier III instruction. The dean of instruction will work with our diagnostician and dyslexia professionals to identify students with needs in a timely fashion.

# **ELEMENT 3. PARENT AND FAMILY ENGAGEMENT (PFE)**

### **3.1: Develop and distribute Parent and Family Engagement Policy**

Paredes Elementary SBDM members review and developed the campus Family Engagement Policy. Our focus was to adapt BISD's PFE policy to fit the needs of our school. Paredes Elementary will set up a quarterly review session for the Family Engagement Policy to update and /or change policy. It is important for us to recruit parent volunteers of children served in the Title I programs. The Family Engagement Policy will be posted on the campus website.

### **3.2: Offer flexible number of parent involvement meetings**

Title I, Part A Funds will be used to partially finance strategies that increase parental involvement at the school including the parent workroom and purchases of special materials used in the parent volunteer program. A flexible number of parent involvement meetings will be scheduled for parents by the campus parent liaison as well as the District's Parental involvement Center. Parent training on how to help their students be successful at home, learning English, discipline management, and parenting skills will be provided to those parents who want to better meet the rigors of parenting.
