Dr. Rene Gutierrez
Superintendent

March 18, 2020

Dear Brownsville ISD Community,

ASSIGNMENTS

Brownsville Independent School District is committed to providing instructional support to our students during the COVID-19 crisis. BISD will provide instructional support through different means. We will provide a link on our district BISD website COVID19-Parent Resources. The instructional link will include daily assignments for all students per grade level and per content area. Each content area assignment should take approximately 30-45 minutes to complete.

CALENDAR

The link will also include a calendar in which assignments will be identified to include page numbers and any assigned readings. Students with internet access will be able to complete their assignments via grade level resources. If your child does not have access to internet, you will be able to communicate with your child's campus leaders to pick up a packet that includes all required assignments.

ELECTRONIC DEVICES

BISD will also be able to provide an electronic device if you choose to have your child work on the online resources. If you would like to check out an electronic device, please complete student/parent equipment use agreement (see pages 2 and 3) and submit it to the campus at time of electronic device pick-up.

CAMPUS DISTRIBUTION HOURS

Campuses will be open beginning March 24th to distribute instructional packets or electronic devices from 8:30 AM to 1:30 PM. We will be happy to respond to any questions anyone may have. Principals will be sending out via School Messenger the schedule for pickup of both electronic devices and packets.

BISD campuses will follow the Center for Disease Control recommendation to ensure the safety and security of all our students and staff.

With regard,
